

SEB CONSTRUCTION BEGINS 5 JUNE, 2017 – MULTIPLE CLOSURES

Construction of the new Science and Engineering Building (SEB) will begin on June 5, 2017 with site preparation and underground utility work. To accommodate construction, the greenbelt located east of the BSE and south of the ART, service drive entry adjacent to the ART, portions of Bauerle Rd Lot 1, Ford Rd Lot and Ximenes Ave Lot, and part of the Paseo del Sur will be closed as indicated in the schedule below. Temporary pedestrian sidewalks will be installed along Bauerle Road and between the ART and Paseo del Sur. The sidewalks will open on June 12, 2017 and will remain in place for the duration of the project. All closures will be cordoned off with construction fencing and directional signage will be posted at each site. For additional information, please reference the attached map, visit the Facilities website at <http://facilities.utsa.edu>, or contact the Facilities Services Center at 458-4262.

Location of Closure:

Date of Closure:

Greenbelt – construction site	June 5, 2017 – June 17, 2020
