Road improvements along Frio Street will affect VIA service in and around Centro Plaza beginning October 15, 2017. VIA bus routes, 86926 and 86927, that stop at the UTSA Downtown Campus are expected to be rerouted for approximately two months. To assist with the temporary changes, VIA will install A-frame message boards at the bus stops directly outside of the UTSA Downtown Campus. To learn more about how these detours affect your bus commute to the Downtown Campus, please reference the attached VIA quick reference sheets or visit VIA online at <http://www.viainfo.net/friostreetclosures/>.
